(PAH) Opened the meeting to the Public that was logged in to attend

Josie Adelstein, Brook Street

Ms. Adelstein strongly stated that she is frustrated with the lack of transparency from the Mayor and Council, and demanded that the Borough uses more social media to provide information to the public. Though she has been in contact with the Borough Clerk, she still wants more from the Mayor directly.

She is continually frustrated with the lack of response between the Borough and CSX. She is tired of looking at piles of debris and old railroad ties as she drives over the tracks. She demanded that something be done.

Ms. Adelstein also firmly insisted that the new families in town should be addressed digitally, and through social media. Sending a newsletter to one's home is (in her opinion) a waste of time, and no one reads it. The Mayor and Council is keeping Harrington Park in 1980, and should be brought up to this century.

In addition to the list of concerns and complaints, Ms. Adelstein would like all the roads paved, and all the signs cleaned, straighten out, and those in disrepair, to be replaced as soon as possible. She also has uneven pavement in front of her house from the new paving from Suez on Brook Street.

PAH responded that his number is available in the phone book. Ms. Adelstein's retort was that "phone books don't exist anymore!"

Ms. Adelstein continued with her infuriation of the lack of information that the town sent out regarding COVID 19. The Borough should take a look at what other towns have done.

PAH will look at other town websites. PAH did not agree with all the complaints that Ms. Adelstein brought in front of Council.

She continued to add that the fields are not being taken care of, and children come home from sports with ticks on them. In addition, nothing is getting done by the tennis courts. Things are horrendous, and for all the taxes everyone pays, it should be much better.

PAH will take a closer look at what she has reported.

JC responded to some of Ms. Adelstein's comments noting that because of many people showing interest in our parks, the Recreation Commission members discussed some

future plans for George Street Park. However, at this time the Commission members chose to address the tennis courts, by submitting an Opens Space grant for an approximate \$600,000. This type of grant is a 50% match between the County Open Space Funds and the Municipal Open Space Funds. The Borough will not know until possibly 2022 if we are awarded the money. The tennis courts have also come under scrutiny by many residents.

In addition, there has been substantial tree work done in the area for the safety of those using the courts.

Ms. Adelstein continued to retort that once again, how anyone would know what is going on unless the Council is transparent. She does not always have the time to attend a meeting, or get more involved so there needs to be an effort by Council to get the word out the public.

JC stated that she will work on getting more information out to the public.

In addition, Ms. Adelstein requested that Council support the new businesses –no one knows that there are new places to eat in town.

JC is working with them for Town Day, however, nothing has been publicized yet.

JC understands that the Borough may not be fast enough on social media. She offered to meet with Ms. Adelstein to see what types of upgrades to the website would be more user friendly.

Vincent Garrison, George Street

Mr. Garrison wanted additional information on Quiet Zones with the hopes that Council would reconsider these for the Borough of Harrington Park.

Brief discussion followed regarding accident responsibility and liability on the Borough. Cost is also a major factor.

ALB added that Congressman Gottheimer representatives and Senator Schepisi were at meetings held with CSX.

Mr. Garrison stated that Montclair and Sommerville both have quiet zones for their trains. ALB will supply copies of correspondence and provide some research regarding this request.

JP responded that each railing can cost over \$1,000,000 each, leaving the Harrington Park taxpayer to cover the cost. There are no grants to cover this type of project. There are also concerns about continuous maintenance and required updates. People will still hear the trains since there are other municipalities on each side. For the system to work neighboring towns need to be included. Despite quiet zone installation, conductors may still be required to blow the horns under certain circumstances.

PAH will follow up on the issue.

Brett Finer, Norma Road

Mr. Finer had several issues to bring before Council.

- 1) Our website is unacceptable and makes it very difficult to find links for the meeting. Old Tappan's is much better.
- 2) He wanted a definitive list of what the DPW is required to do.

- DW and JRD explained that summary reports are issued to the Council liaison and Borough Clerk monthly and can be requested to be viewed by any resident. Much of what is done is a case by case basis and can change at a moment's notice every day.
- 3) Road conditions are a concern. He demanded to know why his street by his home has not been paved- showing pictures of the roadway. DW added that if he is not happy with something the DPW is doing he can reach out to her directly. PAH noted there is a map of paving in the Clerk's Office.
 - 4) Complaints of dirty, faded and crooked street signs, especially on his road. PAH added that he has spoken with the DPW to address and will reach out to the Police to see if there is a stop sign in stock or they can order one.
 - 5) Wants new equipment for George Street Park-one or two new pieces will not suffice. Stone Brook Park in Old Tappan is much better. JC added that at the last Recreation meeting the members chose an alternate path to update their parks. A grant for Community Development may be the best way to address and replace all of the equipment at one time. The Commission, this past year, chose to update the bathrooms and security at Highland Field, rather than update the swings at George Street Park. JC suggested that he attend a Recreation Commission meeting and address the members directly to help understand their reasons, and share his concerns. Only one of each project can be submitted each year. Open Space is funded through a "Penny Tax" so in many cases there needs to be re-funding to the account to do projects. It is imperative to this Council that there is no tax burden to our residents.
 - 6) Restart Beautification Committee with him being part of it to review the NJDOT grant that was submitted for paving LaRoche. ALB explained the parts of the grant and noted that as of this date we are waiting for State and County approval to be able to set a bid date. No further decisions can be made until bids come in.

PAH thanked Mr. Finer for his input and requested the meeting closed to the public.
